# **IDEA**

#### **IDEA**

#### ● 代替陪伴系統

 工作結束後回家,看著小孩期待的眼神,你渴望陪她玩遊戲卻太累了,現在的你一定 希望有一個系統是能讓你能喘口氣,同時確保小孩享受陪伴。這個系統填補了忙碌父 母和渴望陪伴的孩子之間的空白,結合科技與情感,成為一份溫暖且有意義的存在。 Distance

#### ● 鬼抓人

鬼抓人是一種遊戲或活動,其中一個人(通常被稱為「鬼」)試圖追趕其他人(被稱為「人」),所以這裡讓車子是鬼其他設立一個人的物品

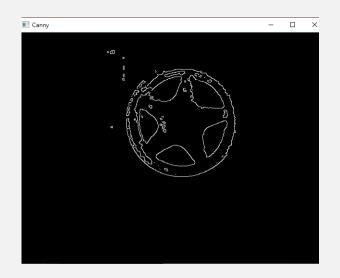

## **DESIGN**

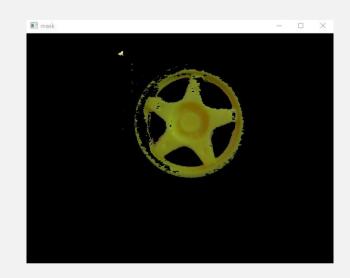

## **DESIGN**

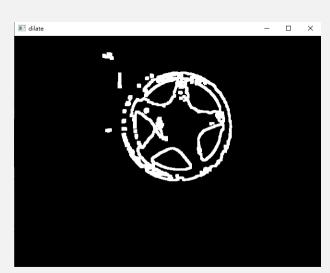

- Object(OpenCV)
- Direction
- Distance
- Car

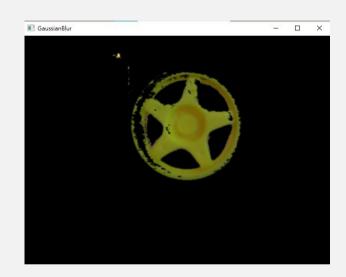

## Object&Direction

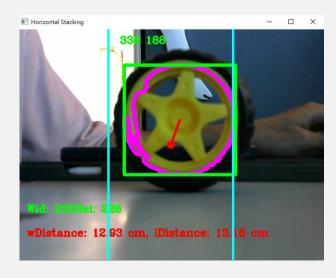

- Object(OpenCV)
  - Wheel
  - Mask
  - Gaussian Blur
  - Canny
  - dilate

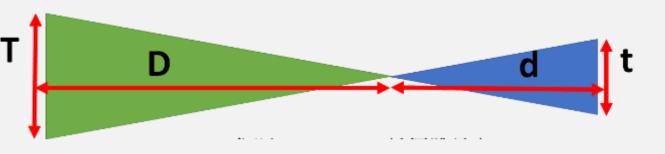

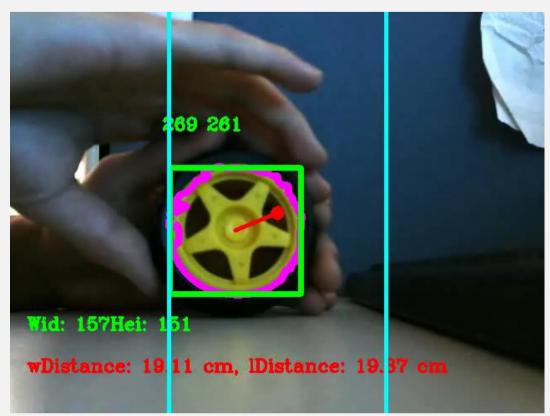

## Distance

- Focal Length
  - Wheel size
  - Distance
  - pixel

# Result

#### Result

- No found
  - Turn left
- Distance > 60cm
  - Fast
- 60mc>Distance >13cm
  - Normal
- Distance < 13cm</li>
  - Stop

#### Demo

- 第三人稱視角
  - https://youtube.com/shorts/yM1yokcvMvI
- 小車視角
  - https://youtu.be/kNEzZkLiUOM

# Conclusion

## Result

- Frequency(OpenCV-ROS-car)
- Assessing reaction time(car)
- Distance setting
